

THE COLUMBIAN. BLOOMSBURG, PA.

THURSDAY, FEBRUARY 3, 1910

A BAD EXAMPLE

But the citizen who takes no interest in his home town sets a worse example.

Perhaps if he read this newspaper regularly he would see what an interesting town this is.

Right now would be a good time for him to subscribe.

ORCHARDS FOR DEMONSTRATION.

Where People Will Be Taught to Handle Fruit in this Section.

Columbia county fared well in the selection of orchards for demonstration and public meeting...

The public meeting model orchards are those where the State will give care to trees, spray and prune them in return for the privilege of being allowed to use them for public meeting.

The supervision orchards in Columbia county are: E. P. Keisner, Berwick, R. F. D. 3; Adam Rarig, Catawissa, R. F. D. 3; W. H. Kirkendall, Berwick; W. O. DeWitt, Bloomsburg; T. A. Hartman, Stillwater; A. B. McHenry, Stillwater; J. O. Gardner, Millville; J. M. Welsh, Orangeville; Dr. Edith Barton and H. C. Barton, Lime Ridge; E. H. Sloan, Orangeville; T. E. Hyde, Bloomsburg; Bloom poor district, Bloomsburg.

The list for Montour county is as follows: Public meeting model—Orville B. Savage, Danville; Edward Oyster, Strawberry Ridge, R. F. D. No. 2.

Supervision model—State insane hospital, Danville; John Bowden, Danville; P. S. Cromley, Danville, R. F. D. 6; J. Miles Derr, Milton, R. F. D. 1; John H. Wertman, Strawberry Ridge, Washingtonville Station.

St. Valentine's:

Most of us, especially if we are old fogies, are apt to think, when St. Valentine's day comes around, that it has gone by—a seeming paradox.

If we take close notice of the toy windows, however, and of the children; in fact, if we come out of our shells and just look about us, we may discover, to our chagrin, that St. Valentine's day has gone by only for us, and that for certain others, quite numerous, it still con-

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

tinues to do business at the same old stand.

But even the custom of keeping St. Valentine's day itself is paradoxical and a sort of gibe at other days of the year, for it seems to indicate that this is the only day among them all which is dedicated to Love. As if every other day did not contain its proper proportions!

Nevertheless, it is perhaps just as well that one day, in all the year, should be set aside as a poet's day, in which Love can go a-rhyming with all of the special dedicatory privileges thrown in; to say nothing of poetic license.

For if indeed there were no need of a poetic license; if all the poetry were metrically perfect, the similes exact, the strophes consonant with the utmost poetic dignity, how could they consort with true Love, which is, as we all know by experience, so full of error and mischief; which, indeed, derives its chief charm from its very weakness.

As for us, we prefer the old-fashioned filigree lacework valentine, with its hearts and darts and its slathers of primitive sentiment, rather than the more modern plush affair with its important and too expensive atmosphere.

We will take it also in a box, typical of every lover's condition, for it is not always in a box? As for the rhymes, if fine rhyme with valentine and mine, so much the better. We recall even to-day the first valentine of this description we ever received. As we came upon its hidden mysteries, and read the gilt declaration within, all the cheap tinsel of this world fell away, and a new one of magical inspiration and profound ecstasy opened for us. She had sent it; who else? What tender thoughts of her it brought! In no other way could she have expressed herself so well. Its very conventionality, the fact that there were doubtless others like it, only seemed to act as a shield to her modesty, only seemed to protect her maidenly embarrassment.

Henceforth we were translated into a new being. We had a secret in common with all the world. Somewhere in the folds of the lace paper, among the red images and golden figure, Love in ambush had surprised and conquered us.—THOMAS L. MASSON in February Lippincott's.

The Zoological Press Bulletin.

Timely Topics of Plants and Pests Discussed Weekly, by H. A. Surface, State Zoologist.

SOFT SCALE ON BOSTON FERN.

"Will you please tell me what to do for my Boston sword fern? It is infested with scale insects and I am sending some of the branches, so that you can see what they are like."

Thus wrote a Bradford county woman to Professor H. A. Surface, State Zoologist, Harrisburg. As many women are interested in the same information, the Professor's answer is herewith given for publication, as follows:

"We have received the sample of infested fern leaf which you sent to us, and find it to contain the soft scale. The best statement for this is to dissolve Ivory soap in rain water, making a strong soap solution, to which add ammonia, about five per cent. Sponge the leaves, or fronds, with a sponge dipped into this solution. Those that are the worst infested had better be cut off and burned. If the plants are stimulated with nitrogen fertilizer, such as a little manure water, or a very small amount (a half teaspoonful) of nitrate of soda, they will soon grow new fronds and be all the better for the treatment."

Keep The Money At Home.

An Ohio concern is sending circulars here, offering to furnish an outfit of printed stationery for \$3.85, in advance, customer to pay express charges, which would be 60 to 75 cents.

We will duplicate the offer, save you express charges, will guarantee as good if not better stock, and you can see just what you are getting before you pay for it.

Don't send your money away from home for printing when you can get the same thing for less cash right here.

MANY SUFFERERS from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray is a remedy that relieves at once. All druggists, 75c., including spraying tube, or mailed by Ely Bros., 56 Warren Street, New York.

Pains or Cramps

"I carry Dr. Miles' Anti-Pain Pills with me all the time, and for aches and pains there is nothing equals them. I have used them for rheumatic pains, headache, and pains in side and back, and in every case they give perfect satisfaction."

HENRY COURLEN, Boonton, N. J.

Pain comes from tortured nerves. It may occur in any part of the head or body where there is weakness or pressure upon the nerves.

Dr. Miles' Anti-Pain Pills

Relieve pain, whether it be neuralgic, rheumatic, sciatic, headache, stomachic, pleurisy or ovarian pains.

Druggists everywhere sell them. If first package fails to benefit, your druggist will return your money.
